

SOCIETY

Mrs. W. P. Kiser, one of the patronesses at the large "the dansant" at the Hotel Utah yesterday afternoon.

R. E. McConaughy, on Eleventh East street.

COUNTIES WILL PAY COUNTRY OBSERVERS

Better Service to Central Weather Station Is Therefore Anticipated.

A. H. Triessen, director of the weather bureau, is of the opinion that the weather observations by the county cooperative stations in San Juan county will be much better attended to, as the result of a decision made by the commissioners of that county to pay the observers. Heretofore these making the observations at the various cooperative stations have served without pay. The hope is expressed that the county commissioners of other counties will follow the example of the San Juan board.

There are four stations in the county, one each at La Salle, Monticello, Grayson and Bluff. Each of these stations is provided with proper instruments for making observations, and the resultant data are of much value to the local office in making reports of general weather conditions throughout the state.

POETS, FOR ONCE, MAKE REAL MONEY

Pupils of High and Grade Schools Win Cash Prizes on Products Verses.

Winners of the \$50 prize money offered by John P. Cahoon of Murray for the best poems on Utah products by pupils in the public schools of Salt Lake were announced yesterday by Superintendent D. H. Christensen.

James Hanson of the high school wins first prize of \$30 and Beatrice Babcock of the Bryant school wins second prize of \$20. Their verses follow:

BY JAMES HANSON
O Utah is a land of sun,
A land of wealth and beauty,
Where children have their days of fun
A sporting like the seal.

It is the place of all the earth,
Of all the countries far and near,
Where sweet and love and life in mesh,
Under its wondrous time.

For if you wish a friend home,
But seek and here 'tis found,
Or if you love the bright moon,
We have it safe and sound.

Up north we raise the apple tree,
Down south the tropic fruit,
And in between these boundaries
All else can find a root.

The grains grow in a bounteous rich,
Grain never fails, in Utah,
Because we've made the wide, wide ditch
To irrigate the tract.

Then if you like your coffee sweet
And don't know what to try,
We have it in the sugar beet,
Which, when refined, you buy.

Our mountain pasture many sheep
With fleeces all warmly clad,
And then the woman makes his reap,
And clothes the land and lad.

If on the melting lines you've fed,
It's here we give you all,
For we have copper, gold and lead,
All to light your hall.

But now, my friend, if 'tis your bent
To see your state, come to our land,
To see our land, to Utah lead,
Your fortune, small or great.

She'll pay you ready interest,
And what's more she'll do,
You'll get a valued life asset,
A healthy body, too.

BY BEATRICE BABCOCK
Utah raises many products,
Excellent and widely famed;
In the farthest distant city,
Utah produce oft is named.

We have fruit in great abundance,
Apples, cherries, plums and pears,
Peaches, figs and grapes from Utah,
All take prizes at the fairs.

More than aught else here in Utah
Is the sugar beet renowned,
As it yields the largest amount,
For the least of work and ground.

We raise grain and vegetables,
Such as barley, corn and wheat,
Carrots, cabbage and potatoes,
Yet there's a root can beat the best.

Utah, too, is fond of cattle,
To see the finest breeds,
Horses also roam the range,
So in livestock this state leads.

I must not forget the mining,
Panned abroad from pole to pole,
And silver, from the mines of America,
Greatest of them all is coal.

Thus in mountains and in farmyard,
And upon the prairie wide,
Utah does her best in all things,
But her babies are her pride.

Successful Everywhere.

People everywhere are talking of the quick and fine results Foley Kidney Pills give in backache, rheumatism, kidney and bladder troubles. You cannot take them into your system without good results. That is because Foley Kidney Pills give to the kidneys and bladder just what nature calls for to heal these weakened and inactive organs. Schramm-Johnson, drugs, "the never-substituted," five (5) good stores. (Advertisement.)

COLONEL TATLOCK AGAIN AT FIGURES

Federal Statistical Agent Has Been on Two Months' Vacation.

Colonel E. W. Tatlock, United States statistical agent, was back in his office at the federal building yesterday after having been absent about two months in California. He says that he had an enjoyable time, but is glad to get back to Salt Lake and in the harness again. Los Angeles, Santa Ana, Long Beach and Anaheim were among the towns visited by Colonel Tatlock. He visited his two daughters, Mrs. Ruth Jayne at Santa Ana, and Mrs. Susan Jayne at Anaheim. He also visited many of his old Salt Lake friends and a few whom he knew back in Iowa during the civil war. Among these were Colonel E. M. Olson, Colonel John Meyer, Captain W. G. Wilson, Charles Yeldham and Judge H. C. Caldwell.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back hurts or Bladder bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weakened, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink. (Advertisement.)

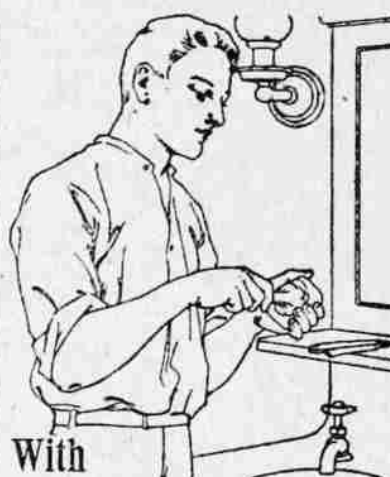

Big Fire at Peoria

The Illinois Warehouse Co.'s building and entire contents destroyed by fire.

WARNING—Store your goods at Keyser's, the largest, strongest and safest warehouse in Salt Lake.

SONS MAY ADOPT LIBERAL POLICY

Meeting Tonight Will Consider Admission of Twenty-year Residents.

Tonight at their hall in the McIntyre building, commencing at 8 o'clock, the Native Sons of Utah will hold their regular weekly meeting. This meeting will be given over to business exclusively. Among the things to be discussed are the dues and the opening of the constitution to let all males join who have been in Utah for a period of twenty years. It was decided by the house committee that a Washington's birthday dance would be held in the hall Monday night, to which members and their friends are invited. The committee expects that this dance will be as enjoyable as the one that was held about two weeks ago.

Delivered With Care

We've proved, and our customers can testify, that coal can be delivered with care. The destruction of property, and the subsequent cause of "nerves" it gives the housewife, are unnecessary.

Our Drivers Reward

"Economy" drivers are paid extra to respect your property, and they are careful to do it. They take time to remove the shovel and coal hammer from your

bin—instead of burying it. They gather up the loose pieces of coal that fall from the wagon. They close the coal shed door and the gates as they leave.

Wasatch 2-4-6-8 Is Our Phone

"ECONOMY COALS" because we make them such! Aberdeen, Black Hawk, Castle Gate, Clear Creek, Hiawatha, King, Rock Springs, Spring Canyon.

Order a ton today and note the care with which it is delivered.
